

TERMS AND CONDITIONS

These TERMS AND CONDITIONS (“TERMS”) must be carefully read and accepted before using in any way the website Intcoex.io and/or INTCOEX platform and/or any services or product of INTCOEX and/or buying ITX Coins.

By using in any way, the website Intcoex.io and/or a INTCOEX platform and/or any services or product of INTCOEX and/or buying ITX Coins, you acknowledge that you accept the following TERMS AND CONDITIONS. If you do not understand or accept any of the terms and conditions herein, you should discontinue using or accessing or services in any way.

To the extent permissible by law, INTCOEX legal entity reserves the right to alter these TERMS AND CONDITIONS at any time without providing notice. You are responsible for regularly checking for any changes to these Terms and Conditions. Your continued use in any way of the website Intcoex.io and/or INTCOEX platform and/or any services or product of INTCOEX and/or buying ITX Coins after any such changes are released shall be deemed as your acceptance of said changes.

GENERAL INFORMATION:

The following TERMS AND CONDITIONS apply to the sale of ITX Coins to crowdsale participants (“Buyers”, “Users” collectively, and “Buyer” “Users” individually). By participating in the pre-sale and sale of ITX Coins you explicitly acknowledge and represent that you have carefully reviewed the Terms and fully understand the risks, costs, and benefits of purchasing ITX Coins and agree to be bound by these Terms.

1. ITX Coins as well as ITX Coins crowdsale fund are owned by the INTCOEX legal entity that is a separate entity and solely independent ownership structure.
2. It is not a solicitation for investment and does not pertain in any way to an offering of securities in any jurisdiction. Ownership of ITX Coins carries no rights expressed or implied and do not entitle you to any equity or assets of the project. Purchases of ITX Coins are non-refundable. Buyers should have no expectation of influence over governance of the INTCOEX legal entity.
3. Individuals, businesses, and other organizations should carefully weigh the risks, costs, and benefits of acquiring ITX Coins early in the initial sale versus waiting to buy ITX Coins on open, third-party exchanges.

4. Any expectations of profits, ROI or value changes regarding ITX Coins are entirely your own speculation and you acknowledge that the INTCOEX legal entity, ecosystem, employees, proposition or marketing never even remotely implied any of these expectations or made you believe or expect any of these. There is no promise or guarantee whatsoever originating from the INTCOEX party regarding such expectations that are entirely your own speculation or imagination and the INTCOEX legal entity explicitly distances itself from any such implications or promises.

In case of overload of the blockchain network and fluctuations in ETH and top altcoin prices INTCOEX legal entity reserved the right at any time to make changes in terms of INTCOEX token sale duration as well as in bonus program conditions.

FOR ITX COINS BUYERS:

5. As set forth below, you further represent and warrant that, to the extent permitted by law, you are authorized to purchase ITX Coins in your relevant jurisdiction, are of a legal age to be bound by these Terms, and will not hold liable for any losses or any special, incidental, or consequential damages arising out of, or in any way connected to the sale of ITX Coins, now or in the future, INTCOEX legal entity and its affiliates, and the officers, directors, agents, joint ventures, employees and suppliers of INTCOEX legal entity or its affiliates.

6. Purchases of ITX Coins should be undertaken only by individuals, entities, or companies that have significant experience with, and understanding of, the usage and intricacies of cryptographic Coins, like bitcoin (“ETH”), and blockchain-based software systems. Buyers should have functional understanding of storage and transmission mechanisms associated with other cryptographic Coins. While the INTCOEX legal entity will be available to assist Buyers of ITX Coins during and after the sale, the INTCOEX legal entity will not be responsible for lost ETH or ITX Coins resulting from actions taken by, or omitted by Buyers. Note that ITX Coins Buyers should take great care to write down their wallet password and not lose it so as to be sure that they will be able to access their ITX Coins when it becomes available after the initial sale. If you do not have such experience or expertise, then you should not buy ITX Coins or participate in the crowdsale of ITX Coins.

WARNING: Do not buy ITX Coins if you are not an expert in dealing with cryptographic Coins and blockchain-based software systems.

WARNING: Cryptographic Coins may experience extreme price volatility.

7. ITX Coins do not represent any formal or legally binding investment. Cryptographic Coins that possess value in public markets, such as ETH, have demonstrated extreme fluctuations in price over short periods of time on a regular basis.

A buyer of ITX Coins should be prepared to expect similar or general fluctuations in the price of ITX Coins denominated in ETH or United States dollars (“USD”) or currencies of

other jurisdictions. Such fluctuations are due to market forces and represent changes in the balance of supply and demand.

INTCOEX legal entity cannot and does not guarantee market liquidity for ITX Coins and therefore there may be periods of time in which ITX Coins are difficult to buy.

Additionally, due to different regulatory dictates in different jurisdictions and the inability of citizens of certain countries to open accounts at exchanges located anywhere in the world, the liquidity of ITX Coins may be markedly different in different countries and this would likely be reflected in significant price discrepancies.

By purchasing ITX Coins, you expressly acknowledge and represent that you fully understand that ITX Coins may experience volatility in pricing and will not seek to hold any of the INTCOEX legal entity Parties liable for any losses or any special, incidental, or consequential damages arising from, or in any way connected to, the sale of ITX Coins.

8. The purchase of ITX Coins carries with it a number of risks. Prior to purchasing ITX Coins, you should carefully consider the risks listed below and, to the extent necessary, consult an appropriate lawyer, accountant, or tax professional. If any of the following risks are unacceptable to you, you should not buy ITX Coins. By buying ITX Coins, and to the extent permitted by law, you are agreeing not to hold any of the INTCOEX legal entity Parties liable for any losses or any special, incidental, or consequential damages arising from, or in any way connected, to the sale of ITX Coins, including losses associated with the risks set forth below.

9. Disclosure of Purchases

To enable ITX Coins Buyers to have as much information as possible to guide their decision-making process, INTCOEX legal entity will disclose in real-time the total funds collected in the INTCOEX initial sale to enable the Buyer to develop an understanding of the size of the existing INTCOEX funding pool at the time of their INTCOEX purchase.

10. Purchase of ITX Coins from [Intcoex.io](https://intcoex.io)

The website [Intcoex.io](https://intcoex.io) will maintain a store interface which can be used to buy ITX Coins. The store interface will be available on [Intcoex.io](https://intcoex.io). Instructions for purchasing ITX Coins with ETH and other cryptocurrencies using the store interface will be embedded and available for review on the [Intcoex.io](https://intcoex.io) website during the duration of the initial sale. Failure to follow these instructions may limit, delay, or prevent a Purchaser from obtaining ITX Coins. Any questions about these instructions should be directed to info@intcoex.io.

11. Obligation to Determine

If Buyer can buy ITX Coins in Buyer's jurisdiction, it is the responsibility of each potential Buyer of ITX Coins to determine if the Buyer can legally buy ITX Coins in the Buyer's jurisdiction.

12. By placing an order for ITX Coins, the Buyer:

- (i) consents and agrees to the Terms;
- (ii) represents and warrants that the Buyer is legally permitted to purchase ITX Coins in the Buyer's jurisdiction;
- (iii) represents and warrants that the Buyer is of a sufficient age to legally purchase ITX Coins or has received permission from a legal guardian who has reviewed and agreed to these Terms;
- (iv) represents and warrants that the Buyer will take sole responsibility for any restrictions and risks associated with the purchase of ITX Coins as set forth below;
- (v) represents and warrants that the Buyer understands the usage and intricacies of cryptographic Coins, like ETH, and blockchain-based software systems.

13. Electronic Notices and the Purchase Email

As part of the purchase process, and to purchase ITX Coins, a Buyer will need to provide an email address (the "Purchase Email"). The Purchase Email will be used to email the Buyer a notice of the creation of the Buyer's account on its website. By purchasing ITX Coins, and to the extent permitted by applicable law, the Buyer agrees:

- (i) and consents to receive electronically all communications, agreements, documents, receipts, notices and disclosures that INTCOEX provides relating to Buyer's use of the Website/the Platform. Buyer agrees that INTCOEX may provide these communications to Buyer by posting them via the Website/the Platform or any other services made available through INTCOEX, by emailing them to Buyer at the email address Buyer provides.
- (ii) not to hold any of the INTCOEX legal entity Parties liable for any losses or any special, incidental, or consequential damages arising out of, or in any way connected to, Buyer's failure to secure their account.

ITX Coins SALE

14. ITX Coins will only be available for sale on the INTCOEX website. INTCOEX legal entity will only sell INTCOEX through [Intcoex.io](https://intcoex.io).

WARNING: Any third-party websites or services offering ITX Coins for sale during the initial sale or facilitating the sale or transfer of ITX Coins in any way during the initial sale are not sanctioned by INTCOEX legal entity or its affiliates and have no relationship in any way with the INTCOEX legal entity Parties. Therefore, INTCOEX legal entity prohibits the use of these third-party websites or services for the purchase of ITX Coins prior to the end of the initial sale.

15. The INTCOEX legal entity will monitor all potential transactions for fraudulent attempts to double spend ETH or another cryptocurrency. Any detected double spend of ETH will result in no ITX Coins being delivered to the associated Buyer.

16. INTCOEX legal entity warrants that it will not buy ITX Coins in its own sale. Furthermore, the INTCOEX legal entity warrants that it will not buy ITX Coins from any

third party, or acquire ITX Coins in any manner, or acquire future control of ITX Coins, during the period of the initial sale.

17. The purchase of ITX Coins carries with it significant risk. Prior to purchasing ITX Coins, the buyer should carefully consider the below risks and, to the extent necessary, consult a lawyer, accountant, and/or tax professionals prior to determining whether to buy ITX Coins.

18. Risks associated with the purchase of ITX Coins.

(i) It is possible that the value of ETH will drop significantly in the future, potentially depriving INTCOEX legal entity of sufficient resources to continue to operate.

(ii) ITX Coins will be stored in a wallet which can only be accessed with a password selected by the Buyer. If a Buyer of ITX Coins does not maintain an accurate record of their password, this may lead to the loss of ITX Coins. Therefore, Buyer must safely store their password in one or more backup locations that are well separated from the primary location. In order to access one's ITX Coins the password that the Buyer entered is required; loss of this may lead to the loss of a Buyer's ITX Coins.

(iii) Any third party that gains access to the Buyer's Purchase Email may be able to gain access to the Buyer's ITX Coins. The Buyer must take care not to respond to any inquiry regarding their purchase of ITX Coins, including but not limited to, email requests purportedly coming from Intcoex.io or a similar-looking domain.

(iv) Cryptocurrencies are under regulation by various regulatory bodies around the globe. The INTCOEX Platform and INTCOEX legal entity could be impacted by one or more regulatory enquiries or regulatory action, which could impede or limit the ability to continue to develop the INTCOEX Platform.

(v) It is possible that the INTCOEX Platform will not be used by many external businesses, individuals, and other organizations and that there will be limited public interest in the use of ITX Coins in gaming. Such a lack of interest could impact the development of the INTCOEX Platform. INTCOEX legal entity cannot predict the success of its own marketing efforts or the efforts of other third parties. There is no guarantee of revenues or profits resulting from the marketing activities of the INTCOEX legal entity.

(vi) The Buyer recognizes that the INTCOEX Platform is currently under development and may be changed before release. The Buyer acknowledges that any expectations regarding the form and functionality of the INTCOEX Platform held by the Buyer may not be met upon release of the INTCOEX Platform, for any number of reasons including a change in the design and implementation plans and execution of the implementation of the INTCOEX Platform.

(vii) The Buyer understands that while the INTCOEX Team will make reasonable efforts to complete the INTCOEX Platform software, it is possible that an official completed version of the INTCOEX Platform may not be released and there may never be an operational INTCOEX Platform.

(viii) Hackers or other groups or organizations may attempt to steal the ETH and cryptocurrency revenue from the initial sale, thus potentially impacting the ability of INTCOEX legal entity to promote the INTCOEX Platform. To account for this risk, INTCOEX legal entity has and will continue to implement comprehensive security precautions to safeguard the ETH and cryptocurrency obtained from the sale of INTCOEX.

(ix) The loss or destruction of a private key by INTCOEX legal entity used to access may be irreversible. INTCOEX legal entity's loss of access to its private keys or a data loss relating to INTCOEX legal entity could adversely affect the value of INTCOEX Platform.

(x) INTCOEX Platform is a new product, thus contributing to price volatility that could adversely affect the value of ITX Coins. The factors affecting the further development of the digital assets industry, as well as the INTCOEX Platform, include:

- a) continued worldwide growth in the adoption and use of ITX Coins and other digital assets;
- b) government and quasi-government regulation of ITX Coins and other digital assets and their use, or restrictions on or regulation of access to and operation of the INTCOEX Platform or similar digital asset systems;
- c) the maintenance and development of the software of the INTCOEX Platform;
- d) changes in consumer demographics and public tastes and preferences;
- e) the availability and popularity of other similar products; and
- f) general economic conditions and the regulatory environment relating to the INTCOEX Platform and digital assets.

(xi) Intellectual property rights claims may adversely affect the operation of the INTCOEX Platform. Third parties may assert intellectual property claims relating to the holding and transfer of digital assets and their source code. Regardless of the merit of any intellectual property or other legal action, any threatened action that reduces confidence in the ITX Coins. Platform's long-term viability may adversely affect the value of ITX Coins. Additionally, a meritorious intellectual property claim could prevent end-users from accessing the INTCOEX Platform.

(xii) Cryptocurrency exchanges on which ITX Coins may trade may be relatively new and largely unregulated and may therefore be more exposed to fraud and failure than established, regulated exchanges for other products. To the extent that the cryptocurrency exchanges representing a substantial portion of the volume in ITX Coins trading are involved in fraud or experience security failures or other operational issues, such cryptocurrency exchange failures may result in a reduction in the price and can adversely affect the value of ITX Coins. A lack of stability in the cryptocurrency exchanges and the closure or temporary shutdown of cryptocurrency exchanges due to fraud, business failure, hackers or malware, or government-mandated regulation may reduce confidence in the INTCOEX Platform and result in greater volatility in the price.

(xiii) Political or economic crises may motivate large-scale sales of ITX Coins, which could result in a reduction in the price and adversely affect the value of ITX Coins. Digital assets such as ITX Coins, which are relatively new, are subject to supply and demand forces based upon the desirability of an alternative, decentralized means of transacting, and it is unclear how such supply and demand will be impacted by geopolitical events. Large scale sales of ITX Coins would result in a reduction in the price.

(xiv) It is possible that a digital asset other than ITX Coins could have features that make it more desirable to a material portion of the digital asset user base, resulting in a reduction in demand for ITX Coins, which could have a negative impact on the use and price of ITX Coins. It is possible that a comparable product could become materially popular due to either a perceived or exposed shortcoming of the INTCOEX Platform that is not immediately addressed by the INTCOEX legal entity Team, or a perceived advantage of a comparable product that includes features not incorporated into the INTCOEX Platform. If this product obtains significant market share, it could have a negative impact on the demand for and price of ITX Coins.

(xv) ITX Coins transactions are irrevocable and stolen or incorrectly transferred ITX Coins may be irretrievable. As a result, any incorrectly executed ITX Coins transactions could adversely affect the value of ITX Coins. Cryptocurrency transactions are not, from an administrative perspective, reversible without the consent and active participation of the recipient of the transaction or, in theory, control or consent of a majority of the processing power on the host blockchain platform. Once a transaction has been verified and recorded in a block that is added to the blockchain, an incorrect transfer of ITX Coins or a theft of ITX Coins generally will not be reversible and there may be no compensation for any such transfer or theft. Such loss could adversely affect the value of ITX Coins.

(xvi) It is possible that, due to any number of reasons, including without limitation the failure of business relationships or marketing strategies, that the INTCOEX Platform and all subsequent marketing from the money raised from the same of ITX Coins may fail to achieve success.

19. ALL PURCHASES OF ITX COINS ARE FINAL. PURCHASES OF ITX COINS ARE NON-REFUNDABLE. BY PURCHASING ITX COINS, THE BUYER ACKNOWLEDGES THAT NEITHER THE INTCOEX legal entity NOR ANY OTHER OF THE INTCOEX legal entity PARTIES ARE REQUIRED TO PROVIDE A REFUND FOR ANY REASON, AND THAT THE BUYER WILL NOT RECEIVE MONEY OR OTHER COMPENSATION FOR ANY ITX COINS THAT IS NOT USED OR REMAINS UNUSED.

20. Taxation of ITX Coins and Taxation Related to the Initial Sale INTCOEX legal entity makes no representations concerning the tax implications of the sale of ITX Coins or the possession or use of ITX Coins. The Buyer bears the sole responsibility to determine if the purchase of ITX Coins with ETH or the potential appreciation or depreciation in the value of ITX Coins over time has tax implications for the Buyer in the Buyer's home jurisdiction. By purchasing ITX Coins, and to the extent permitted by law, the Buyer agrees not to hold any

of the INTCOEX legal entity Parties liable for any tax liability associated with or arising from the purchase of ITX Coins.

21. Although the INTCOEX legal entity requires that Buyers provide an email address, INTCOEX legal entity will not knowingly, openly or publicly, publish any identifying information related to ITX Coins purchases without the prior written consent of the Buyer. Buyers may be contacted by email by INTCOEX legal entity regarding a purchase. Such emails will be informational only. INTCOEX legal entity will not request any information from Buyers in an email. Please, read carefully our Privacy Policy.

Any use of the INTCOEX Platform not expressly permitted by these Terms is a breach of these Terms and may violate copyright, trademark, and other laws. There are also no implied licenses under these Terms, and any rights not expressly granted to the User hereunder are reserved by the INTCOEX legal entity.

25. Dispute Resolution:

29. No Waiver. The failure of INTCOEX legal entity to require or enforce strict performance by the Buyer of any provision of these Terms or INTCOEX legal entity's failure to exercise any right under these agreements shall not be construed as a waiver or relinquishment of INTCOEX legal entity's right to assert or rely upon any such provision or right in that or any other instance. The expressed waiver by INTCOEX legal entity of any provision, condition, or requirement of these Terms shall not constitute a waiver of any future obligation to comply with such provision, condition or requirement.
